"We are constantly taking in information, yet we are rarely given the time or tools to implement them for change. This is what VIPMe is all about, giving women the tools and opportunity to make those changes and see transformation in their lives" (Amelia)

Our Mission:

Our mission with the VIPMe Membership is to allow women a chance to stop, slow down and take the time to make themselves the VIP of their own life. We want to remove the busy noise of information and guide you through taking action and seeing the results you want, whatever they may be. We will work to provide you with all the necessary tools to do this, within this program. We will not be overloading you with information, we will be guiding you with step-by-step tasks that lead to success.

We encourage you to enjoy the slower pace of information and action and truly indulge in the changes that will happen with minimal impact on your everyday life.

Delivery of the Program:

The VIPMe membership will be hosted on our mobile app. This is so that members get the information as it is released, without the noise and distraction of social media or emails. All programs, course content, daily tasks/reminders and forums will be held on the app. Occasionally, LIVE Q&A sessions may be held off the app in another platform. This is yet to be advised.

Inclusions:

The Innerfit for Women VIPMe program is designed to give women the support they need to take action on their health and wellness.
